Mr.Akram Elkerrami (mribrah.moham@gmail.com)

Dear friend,

I am a banker in the Bank of Africa, currently holding the position of Head of Operations. I was the account officer to late Mr. Oleg Bryjak of German- Kazakhstan. He was an opera singer /gold merchant. He died on 24th March 2015 in a plane Crash.

In November, 2013, he moved the sum of €15.8 million Euros from his German account into his domiciliary account in our bank purposely for the purchase of Gold in my country but unfortunately upon reflection of the fund in this country, the account got temporarily suspended by the bank due to some glimpse of suspicions. The embargo placed on the account was lifted in November 2016 after the death of this man in 2015.

Since this very day, I have tried reaching the relatives or even the immediate family of this customer to reclaim the fund but from my research thus far, his family is not traceable and it's likely that he has no successor. And even if there's any, I am optimistic that no one knew about his dealing in my country and the existence of this account.

Therefore, I want us to have a deal that would be of great benefit to us since I have almost every information about the man that would enable us achieve this goal without any loophole. First, you will have to apply as the next of kin to the late owner of this fund and I will use my position in this bank to ascertain that you receive the money successfully without any problem. It is important that we quickly reclaim the fund because the BOA bank policy allows the bank to confiscate any fund in a dormant account after a 10years interval. We really have to seize this opportunity and become millionaires.

You can read more about him here:

We are going to share this money 50% each as soon as the money is approved and successfully credited into your account.

Frankly speaking, the first thing that compelled me into searching for a foreigner is because the owner of this money is a foreigner and my bank will suspect anyone who is not a foreigner. Secondly, I prayed before selecting you and I hope you will not betray me. If you are interested in joining me, execute this transaction and benefit yourself, kindly reply quickly because I want this money reclaimed before the accounting/auditing delegates commence with the annual accounting procession.

Quickly forward below details to enable me inscribe your name into the bank data-base as the sole recognized next of kin to the deceased owner of the fund before you'll officially apply for the claim. You have to contact me through my private e-mail at
